Landscapes and Homes: Resources for Pest Management

Main Menu for Home and Garden Pest Information
www.ipm.ucdavis.edu/PMG/menu.homegarden.html

Includes links to:

Pests in the home

Pest Notes for pests of homes, structures, people, and pets

Pests in gardens and landscapes (choose by plant or pest type) *Includes Pest Notes and UC Guide to Solving Garden and Landscape Problems*

UC Guide to Healthy Lawns

(www.ipm.ucdavis.edu/TOOLS/TURF/), including

- Turfgrass selection and identification, including key to identifying turfgrasses
- Lawn preparation
- Lawn care
- Irrigation scheduling
- Fertilizer application
- Lawn pest diagnosis and management
- Key to identifying weeds

Pest Cards/Consumer Cards (Quick Tips) —Web pages and PDFs

Access from the Pest Note, or at www.ipm.ucdavis.edu/QT/

Pest/natural enemy/plant identification

- Weed photo gallery - www.ipm.ucdavis.edu/PMG/weeds_common.html
- Natural enemies gallery - www.ipm.ucdavis.edu/PMG/NE/index.html
- Ant key (interactive and PDF) - www.ipm.ucdavis.edu/TOOLS/ANTKEY/
- Weed key (for weeds in lawns) - www.ipm.ucdavis.edu/TOOLS/TURF/PESTS/weedkey.html
- Turfgrass key - www.ipm.ucdavis.edu/TOOLS/TURF/TURFSPECIES/

Pesticides and water quality

www.ipm.ucdavis.edu/WATER/U/

Weather database and degree-day models

www.ipm.ucdavis.edu/WEATHER/

Turfgrass management for professionals

- Pest Management Guideline (diseases, insects and mites, weeds, nematodes)
www.ipm.ucdavis.edu/PMG/selectnewpest.turfgrass.html
- WaterTox comparison of risks of pesticides to water quality
from any turfgrass pest management guideline for a specific pest

Also of interest to nurserymen: **Pest Management Guidelines for Floriculture**

Lists pest management methods and pesticides for professional floriculture use

<http://www.ipm.ucdavis.edu/PMG/selectnewpest.floriculture.html>

Agriculture: Resources for Pest Management

Main Menu for Agricultural Pest Information

www.ipm.ucdavis.edu/PMG/

Includes links to:

Management information for pests of specific crops (43 crops or crop groups)

Pest Management Guidelines in both illustrated Web versions and in PDFs

Provides

Year-round IPM Programs (for 10 crops as of 2/22/2007)

Annual checklist

Monitoring forms

Photo pest identification sheets

Impact of pesticides on natural enemies and bees

Pesticide properties

Each Pest Management Guideline (PMG) for a specific crop pest links to

WaterTox display, comparing potential pesticide hazard for all PMG recommended pesticides (long-term hazard to fish or humans from leaching, adsorbed or solution runoff)
