

## Elkus Ranch Rules

We want your visit to Elkus Ranch to be a wonderful learning experience. To insure that you and our animals are safe, we ask that you follow these four rules:

### **1. Walk.**

Elkus is a no running ranch. Many of our walkways and paths are covered with gravel and can be slippery.

### **2. Keep your feet on the ground.**

We know how tempting it is to climb a fence or gate but we depend on those fences to keep our animals safe. Climbing on them can break the boards or weaken the hinges.

### **3. Be kind to our animals.**

They are used to having children around and love your attention. Brush or pet them from their head to their tails. Sometimes they want to be left alone - please don't chase them.

### **4. Stay with your group.**

If you need to use the restroom please ask a parent chaperone to take you.
