PUBLIC SERVICE

I am very proud of my involvement with educational agencies/organizations, public health leaders, and community groups that seek to improve the quality of life for families and children in San Joaquin County. I focus my public service efforts in the areas of obesity, diabetes, and childcare quality. The collaborations outlined below reflect my active participation during 2005 with groups that assess needs, develop strategic plans, implement those plans, and make recommendations for improvements in public policy and/or programs that impact families locally, statewide, and across the nation.

Community Level	Role
